GEORGE - W. MARSHALL, LL.D. F.S.A.

This Book Plate was given to me by his Son,
George Marshall, of Sarnesfield consty, Co. Heref.
16. Feby. 1894.

P R E F A C E . 1267881

The five western counties, Cornwall, Devon, Somerset, Dorset, and Wiltshire, were visited by St. George and Lennard, as deputies to Camden, the two first in 1620, and the others in 1623. The original Visitations, signed for the most part by the gentry whose pedigrees were entered, are now part of the Harleian Collection of MSS. in the British Museum, Nos. 1162, 1163, 1164, 1165, 1166, and 1141. The Visitations of Cornwall, Devon, and Somerset, have been edited for the Harleian Society; that of Wiltshire (MS. 1165,) is here presented to the reader; Dorset (MS. 1166,) still requires an editor. These books form the most valuable part of the Heralds' Visitations in our National Library, being without question original documents, which, either from carelessness or dishonesty, have escaped from their proper custodians, the Officers of Arms. They appear to be in the handwritings of St. George and Lennard, with some few additions by Henry Parker, an arms-painter, in whose possession they at one time were; the catalogue of the Harleian MSS. states that the Somersetshire Visitation was 'at one time in the hands of Richard Mundy. On the death of Mr. Lennard these MSS. came into the possession of Mr. Parker, and then passed by purchase to Mr. Robert Fisher, and subsequently to the Earl of Oxford's library.* Those who are curious as to their history may consult the able Preface to the Cornwall Visitation, edited for the Harleian Society by Col. Vivian and Dr. Drake, and the accounts of them given in the Catalogue of the Harleian MSS.

The Arms of those whose pedigrees are recorded in this Visitation are not entered in the MS., except in the case of Seals of Corporate towns, and a few appended to abstracts of ancient deeds. These have been reproduced from the MS. by photo-lithography, on two plates, each figure being numbered and a note referring to it inserted as a foot note to the text, so that it can easily be identified by the reader.

Harleian MS. 1443, which is an amalgamation of the Wiltshire Visitations of 1565 and 1623, supplies tricks of the Arms belonging to many of the families whose pedigrees are entered here.

The following memorandum is on a small piece of paper pasted upon the first folio of the MS.:-

This book was borrowed by Sr Thomas Hanmer, K^t & Baronet, and produced by Him

* Harleian. Society, Vol. ix, p. v.

at the Assizes held at Guilford for the County of Surrey about the 21 or 23 days of March, A.D. 1718, upon a Claim laid by one Zouch to part of his Estate, and being there Proved & Acknowledged to be the Original Book it was of Considerable Service to Sir Thomas upon that Occasion.

I am not aware whether any report of this trial exists, but the memorandum is valuable as showing that this MS. was received as evidence by the Court.

Having said thus much it is only necessary to offer a few words of explanation as to method followed in editing the manuscript here given. My sole aim and object has been to reproduce it in type with as little variation as possible, so that my readers may to all practical intents and purposes consult these pages confidently feeling that they faithfully represent the original document, and are not, as in my opinion many printed Heralds' Visitations are, mere over-edited compilations in which the labours of the editor serve rather to mislead than to assist the intelligent student.

I have literally followed the MS. with the following exceptions, which are in my opinion necessary to make the text clear, and to exonerate me from want of care in not drawing attention to obvious errors of the writers. The pedigrees being chiefly in two hands, where any portion of a pedigree has been added in a hand different to that in which the major portion of it is written, I have printed such additions in *italics*. Where the MS. does not apparently express the sense intended by the writer, I have added the word *sic* in parentheses, and where in a few cases a word has been evidently left out by the writer I have supplied it in brackets. When a word or letter has been inserted by the writer by writing it over the line, I have printed the matter as he intended it to be read. The letter *v* being usually written in the old manner as *u*, is here printed *v*. The long *J* is printed *I*, as *Icie* not *Jrie*. For the contraction *p* at the end of a word for *s* or *es*, I have printed *s*; and for *g*, *us*, as for *Georgig*, *Georgius*. The common contraction — has been usually given thus—'—.

With these, perhaps trivial, explanations, I leave this book to the impartial reader, trusting that should he take the pains to compare it with the original MS., he will not condemn me for any oversights or clerical errors I may have fallen into in the attempt to produce in print this somewhat ill-written but very interesting manuscript.

The diagram illustrates the family tree of the Duckett family as it stood in 1623. At the top left is Sir Lionell Duckett, with a branch leading to John Duckett of Nottinghamshire. Another branch leads to Stephen Duckett of Caulston, who is shown with two daughters: Anne, who married Humphrey Baskerville, and Mary, who married Thomas Nellson. Anne's daughter, Jane, married Henry Heane of Condover in Shropshire. Mary's daughter, also Mary, married Walter Parker, who had a son named Margaret and a daughter named Alice Sneath. The line continues through Mary's daughter Mary, who married Thomas Nellson, and then through their daughter Jane, who married Henry Heane of Condover in Shropshire. The final branch shown is the line of Walter Parker, whose daughter Margaret married Roger Chiver, and whose granddaughter Jane married William Winter in 1623.
